seele at Augsburg's Job-Shuttle fair 2017

Gersthofen, 18, September 2017. It is seele's first time at the apprenticeship fair Job-Shuttle in Augsburg on the 6th of October 2017. At the WWK arena pupils can find seele on their booth and get information about the extensive job offers. seele's trainees and trainers provide insights of exciting construction projects and the wide range of jobs at façade specialist seele in Gersthofen.

Since more than 30 years seele stands for high-quality apprenticeships in currently 7 skilled occupations and two combined studies. From production, IT, technical apprenticeships to administration jobs – a lot of possibilities are on hand. Another offer of seele is that trainees can expand their knowledge by way of internal training, language courses and on-the-job tuition - even work abroad, e.g. at one of seele's international locations is possible.

The following apprenticeships are offered at seele in Gersthofen:

- Technical system designer
- Industrial business management assistant
- IT specialist
- Metalworker
- Machining technician
- Warehouse logistics specialist

More information about seele's apprenticeships can be found under www.seele.com.

press release

seele group

The seele group of companies, with headquarters in Gersthofen near Munich, is one of the world's top addresses for the design and construction of façades and complex building envelopes made from glass, steel, aluminium, membranes and other high-tech materials. The technology leader in façade construction was founded in 1984 by master glazier Gerhard Seele and steelwork engineer Siegfried Gossner.

Based on a profound understanding of design and materials, seele provides everything necessary for ambitious one-off designs true to the original ideas of engineers and architects. The seele group offers its building sector and industrial customers a complete package of services, ranging from R&D, individual advice and joint conceptual design right up to the planning, detailed design and construction of their projects. seele's own production plants for technologically challenging designs and the group's own erection crews on site provide a guarantee of the very highest quality "made by seele".

About 1,000 employees work at the seele group's 12 locations around the world, together generating an annual turnover of more than €200 million.

seele GmbH

seele GmbH, founded in 1984 and based in Gersthofen near Munich, is the origin of the seele group of companies with global operations. Gersthofen is the location of the central production plant for unitised façades and a very well-equipped engineering design office with more than 150 staff. seele GmbH turns the ideas of celebrated architects into technically advanced, highly functional and aesthetically pleasing high-tech façades. Consulting, logistics, site supervision and general project management are among seele's services. Gersthofen is also home to the large R&D department as well as seele's own testing centre. When it comes to highly individual and exceptional structures and building envelopes, seele GmbH stands apart from every other façade specialist. seele GmbH is part of the seele network with subsidiaries in New York, Toronto, Hong Kong and Paris. The office in London is run jointly with se-austria GmbH & Co. KG.
